

“Social Sprouts” Young Children’s Social Skills Summer Camp

Does your preschooler or kindergartner have difficulty making and keeping friends? Would she benefit from recognizing social cues? Does your child need help expressing emotions appropriately? Has he been diagnosed with Social Anxiety Disorder, Asperger’s Syndrome, Autism, or AD/HD? Or is she simply shy or socially awkward? Are there issues with your child’s behavior being disruptive at home, school, or daycare? Some children need a little extra help learning social skills!

Through a series of lessons, activities, games, role-play, worksheets, and videos, our group leader will teach your child to enhance his social skills and self-esteem. This summer camp will place an emphasis on practicing conversational and play skills with peers.

The following topics will be covered:

Play and Conversational Skills:

- Greeting people
- Conversational skills
- Listening
- Working together and playing with others in a group
- Taking turns and sharing

Understanding Social Skills:

- Keeping hands to oneself and respecting personal space
- Proper eye contact
- Personal space
- Speaking with an appropriate tone and volume
- How to respond in a socially appropriate way to personal triggers

Parent Testimonial “I just wanted to say how amazed I’ve been with your social skills summer camp, and the immediate results I’ve seen in E. Really, I wasn’t sure what to expect since we’d never done this type of class before, but she’s been super excited after each session. I’ve seen a real improvement in her manners, her ability to handle frustrating situations without losing her cool, and with accepting ‘no’ for an answer. With the dramatic improvement I’ve seen in her coping skills, I will do whatever it takes to keep her in social skills classes this fall. This is truly an investment that is showing immediate and drastic results!”
